LORI WEATHERFORD 782-8020 saved H.B.

Lord o.m. Once upon a time, in the summer of 79' 4 girls, worked very hard at practicing cheerleading, there was 2 girls that sat around puffin on a J and drinking there sunrises watching & telling the other girls what to do! They were sophmore FREAK cheerleading. They had a kick-ass year even though we both had problem with friends, parents, 2nd hour teachers & head cheerleaders. They made cheerleading fun not a drag! They can't put all this fun back into a box So I figure since were only going to be Jr. next year we still have 2 summer & 2 years of school the make the bestest of best out of it! In the conclusion, they both found so many things in common & they are so much alike they are practically sisters! (They hope not much changes will happen!) But so far it has been good! So whenever you need someone to talk to these two girls are always there to stick up for ya & talk to ya, like these two do! (With each other) So if ya ever want to get your head together!

Well to get down to the truth these girls are two wild-n-crazy weirdo's! So to keep this up they will have to keep this up! So keep in touch all the time! I'm glad I got Summers with ya next year well have a great time!

Students Go Their Own Way

Have you ever noticed the variety of students and activities at our school? As students come together at school, you can see evidence of different early morning activities. Someone could be carrying a McDonald's cup or have curlers in her hair. Maybe someone even has wet hair from swim practice. During school, as we are all here together, there are even more indications of students going their own way. Every person has the opportunity to get involved in the classes and events they are interested in. The ringing of the 2:55 bell signifies the start of more variated activities. For instance, some students might have sports or play practice. Others go to jobs or home to study. As the class of 1980 graduates, each and every one of us will go our own way.

Faculty Lends Helping Hands

The faculty plays an important part in making our school system run properly. Each teacher is expert at a different subject, as is shown by the variety of classes made available to the students. Not only do teachers teach classes; but many of them are involved in extra-curricular activities such as sponsoring clubs. The office people are charged with keeping everything organized. Each teacher makes a special contribution to Olathe High School even if it is staying after school to help a student or standing in the hall on duty.

Working Together— O.H.S. Generates Eagle Pride

Spirit week was celebrated with decorated halls, a bonfire, a powder puff football game, class competition, and dress-up days. Each day exhibited the craziest combinations of colors and clothes. The assemblies were highlighted by the men's drill team, with the look of females, doing drill team their style. Performances of the flag team, pompon girls and the drill team, accompanied by the OHS band, were also highlights of the assembly. Another special activity included the annual OHS Homecoming parade, which featured fifteen class or club floats. Each day was filled with confetti, spirit, and fun.

Homecoming Queen Nancy Clark

The Homecoming celebration began with an exciting game. Friday night at half-time we were entertained by the OHS drill team and pom pon girls accompanied by the OHS band. Another special moment was the coronation of Miss Nancy Clark, the 1979-80 Homecoming Queen, and the Queen's court, including Robin Becker and Roni Curtis, seniors, Julie Havens, a junior, and Heidi Bacon, a sophomore. The mighty Eagles rallied against the Ottawa Cyclones to a 34 to 6 victory. Saturday night brought the Homecoming dance, hosted by the senior class.

A hug of congratulations from Robin Becker.

Go—Fight—Win

The OHS assemblies bring out the true spirit and pride possessed by the students and faculty. Remember the senior men's drill team? The football coaches as chorus girls? Channel 9 brought its cameras to the spirit assembly before the football game against the Vikings. The Thespians put together a skit with Keith Johnson as the Ottawa football player. Each assembly was presented by the cheerleaders and yell leaders. The assemblies were also highlighted by the performances of the drill team and pom pon girls, accompained by the pep band.

On The Boards At OHS

A backstage alley of an old theater was the setting for the talent show, presented by the drama department and directed by Mrs. Cathy Renfro.

Entitled "On the Boards At OHS," the talent show consisted of seventeen variety acts reminiscent of vaudevillian theater popular in the early part of the century.

There were many special highlights of the show, opened by five faculty men in "Brush Up Your Shakespeare." In "Return To Rome," Sam Johnson played Brutus who had just slain Caesar portrayed by Trey Allemang in a comical look back into history. Leslie Terrill sang "Rainbow Connection," assisted by faculty children, Miss Piggy and Kermit the Frog. "Neighborhood Football" was a slow motion view of six men out to kill in a "friendly" neighborhood football game. "New Girl at the Copa" featured Donna Knettle as a last minute replacement for a girl's chorus line.

Send Me No Flowers

The OHS dinner theater began with dinner in the commons, followed by the production of "Send Me No Flowers". It was held for the first time in the Little Theater.

It was the hilarious version of a hypochondriac named George Kimball, played by Bruce Goddard, who mistakenly believes he has only a few weeks to live. He tries to secure the future for his wife Judy, played by Carrie Robinson, by throwing her at her old boyfriend, Bert Powers, portrayed by Trey Allemang. She believes he is definitely departing but with another woman.

George tells only one person of his health — his best friend Arnold, portrayed by Joe Arterburn. Nash, stricken with grief, goes on a drinking binge and tries to make George's last days as pleasant as possible.

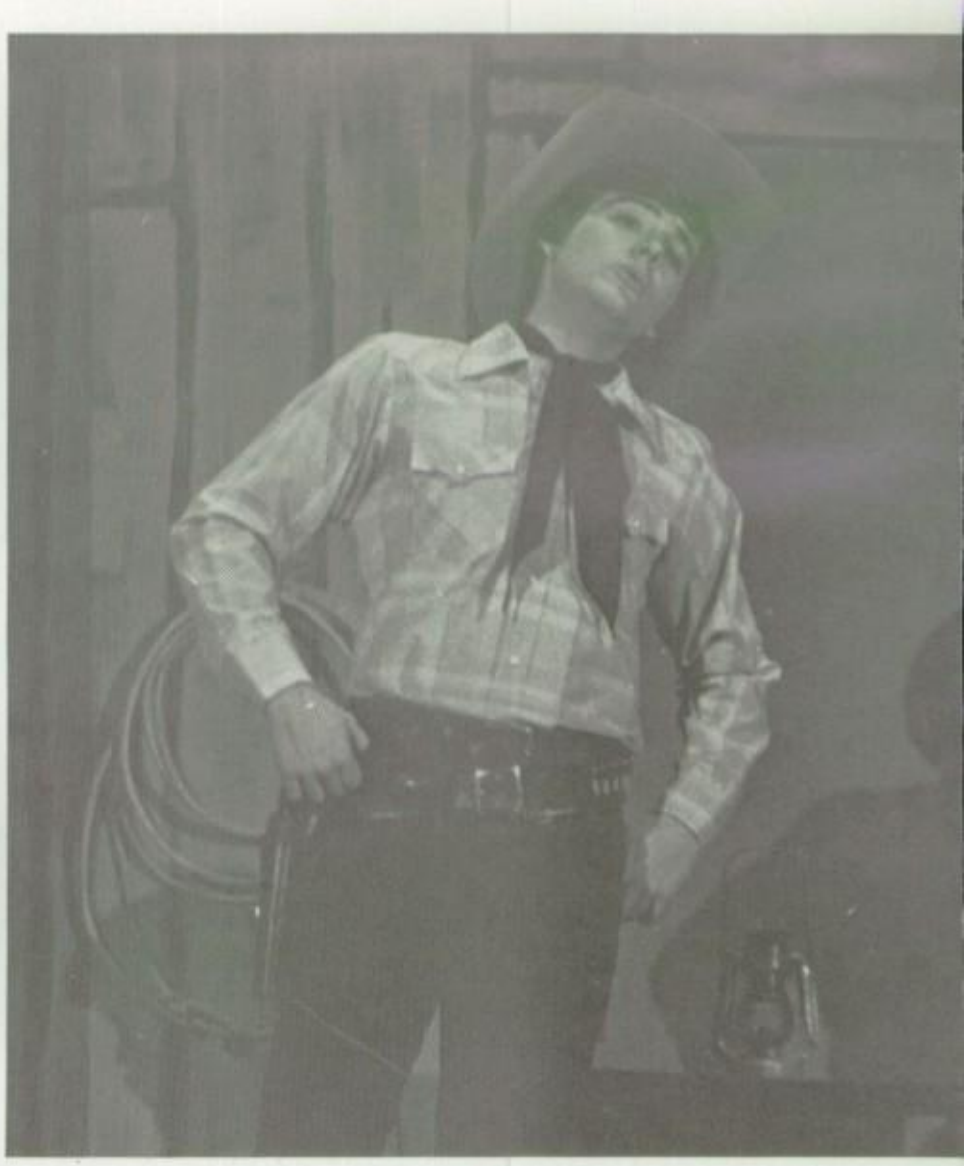
Doctor Morrissery (Todd Cheshire) and Mr. Atkins (Damon Bopp) also had significant roles. Dr. Morrissery was George's money-hungry doctor, quick with his cynical remarks. Atkins was the downhome salesman from Eternal Gardens Cemetery. His pushy salesman's techniques made George overlook the fact that a highway was scheduled to be built right over him.

The final act of the play finds dejected George learning that he is not dying after all.

Others in the production were Mark Morgan; Lisa Muldoon; Joe Svoboda; Donna Knettle; and Susan Murphy; Laura Cheshire and Leslie Terrill.

TOP LEFT, Bert really fell out of his chair when he heard Judy married George Kimball. TOP RIGHT, Judy tells George not to touch her. BOTTOM RIGHT, Judy learns George isn't really going to die.

BOTTOM RIGHT, Judy seats herself by Bert in attempts to make George jealous.



Oklahoma

The fine Arts Department presented its annual musical production on March 6, 7, and 8, at the Vocational School Auditorium. "Oklahoma", by Richard Rodgers and Oscar Hammerstein II, covers both drama and romance.

Eric Dowell and Leslie Terril portrayed a couple in a new territory, wanting to become a state, Oklahoma, in their roles as Curly and Laurie. Trying to hide their love for each other, Laurie is pursued by Jud (Eric Stroud), a hired hand.

Mr. Steve Robertson was the director of the production, assisted by Ms. Cathy Renfro. She was in charge of costumes and props.

Other supporting roles are played by Drew Hertel, Sheryl Young, Wendee Litfin, Laura Cheshire, Carrie Robinson, Kim Mills, Richie Roberts, Keith Johnson, Damon Bopp, Scott Smith, Stewart Mountain, Donna Knettle, and Mary Young.

Football: 1979 EKL Champs

"It was a super season," remarked Coach Wheeler. Captains Randy Boyington, Dave Larson, Jeff Mills, and D. L. Robertson led the Eagles to an outstanding season.

Coach Wheeler stated that there were many improvements involved in advancing as far as we did.

The first three games were the most critical. Wheeler was proud to win two out of three but would have liked to have seen all three won. He stated that Jeff Mills was excellent as quarterback, and all receivers, passers, kickers, and runners did outstanding jobs.

Once again the team won EKL, and this year played in Sub State.

Wheeler commented that despite the loss of 25 senior players, he hopes for State championships next year.

1979 EKL Champs were as follows: Jim Brown, Brian Clark, Rodger Dykman, Rob Gulotta, Dennis Hammer, Bryan Harrelson, Calvin Malone, Jeff Mills, Greg Montgomery, Alan Morgan, Jeff Orschlen, David Robertson, Bob Salmons, Phil Thompkins.

Cross Country

The Cross Country team increased in size this year with the addition of three girls and a new girls' coach, Carla Nealy.

Along with this enlargement came an improvement in the team's placings for the season. They captured first place out of six teams at the St. Joseph meet and also took first in the Turner triangular meet.

There were not enough girls for them to be recognized as a team this year, but the coaches, Mr. Creighton and Ms. Nealy, are hoping that will change next season.

Some individual accomplishments of the season include a third place showing at the Olathe Invitational for Gary Dunkin and fifth place award at St. Joseph for one of the girls, Kris Holbert.

Volleyball Players Make Third in EKL

The Volleyball team's record showed eight wins and fifteen losses. They improved much during the season despite losing some of last year's outstanding players.

The squad was a young inexperienced team that suffered a slow start, but as the season progressed they began to improve.

The squad made third in EKL with Nancy Clark and Tammy Hambleton as starters. Chris Watkins as captain during the season did an outstanding job.

Coach Callaway stated: "I was very pleased with the outcome of such a young squad and I'm looking forward to working with them next year. Next year's squad will be an excellent one with strong players moving up. It should be an excellent year!"

Girls' Tennis Second in EKL

The girls' tennis team enjoyed one of its best seasons ever with a 19-9 overall record in dual meets. At the first annual East Kansas League championship tournament, the girls finished second overall and brought home two individual gold medals. Lynn Domine and Donna Stevens each finished first in their singles divisions. At the regional tournament Domine and Stevens plus the doubles team of Roni Curtis and Hilary Beebe made it to the quarter-final rounds. Another doubles team, Carrie Robinson and Donna Stith, attended the regional tourney but didn't advance past the preliminary rounds.

Coach Dick Hansen expressed these views of the season, "We had a good year. Our top six were successful, and five of them are coming back next year." He went on to say, "We've never had a losing season here, and we're very proud of that."

Boys Send Two Gymnasts To State

The boys' gymnastics team managed to put together a successful season in spite of being plagued with injuries. They finished third in team competition at the Shawnee Mission South meet and second at Washburn. The team missed a berth in the state meet by only three points at regionals, but two individual Olathe gymnasts did attend the state finals. David Michael competed in vaulting and finished second overall in the state. Scott Van De Veer finished fifth overall in pommel horse competition. Since there are no classifications according to school size in gymnastics competition, Michael and Van De Veer are unquestionably two of the best high school gymnasts in the state.

Coach Richard Greenlee was very pleased with the efforts of his team. As he put it, "There's no doubt that we had one of the top teams in the state. During the season we did better than most of the teams that went to state. And since David Michael was the only senior this year, we expect to have another top team next year."

Girls' Gymnastics

The girls' gymnastic team, consisting of three seniors, six juniors, and two sophomores, managed to obtain and uphold a high midpoint average of 82 points per meet. The team placed first in both the Lee's Summit Invitational and Lee's Summit Triangular and was also able to place second in the Olathe Invitational.

Julie Shilling and Laurie Smith participated in the state meet in floor exercise. They each had good performances but did not qualify for the finals. The two girls learned many techniques from a gymnastic club that they had been involved in.

Coaches Mary Lynn Kovach and Robin Mohr felt that there were quite a few improvements this year. They stated that despite some weakness on the uneven bars, the girls managed to make up points in other events. There will be seniors leaving, but the coaches feel that the junior class will provide strong leadership and the squad will continue to improve.

Varsity Wins EKL

After jumping out to an outstanding season, the varsity basketball team experienced a slight lull but then bounced back to win the East Kansas League rather handily. At the time of the sub-state tournament they had compiled a 14-5 won-loss record. Coach Tom O'Dell commented about his team, "We are a well-balanced team. At forward Bell and Thayer are both excellent shooters. Boyington is a fine overall player, and we have one of the best guards in the area in Greg Smith, who is only a junior. Offutt has worked very hard and has really improved in the years he's been here. Thomas has also done a fine job for us. We have great bench strength in Kelly, Kirk, and Harrelson."

Principal, Dr. Dave Jones

Guess what was in my punch?!

A Letter From "Doc" Jones

Dear students,

Sir Winston Churchill once conveyed to a group of young adults that "To every man there comes in his lifetime a special moment when he is figuratively tapped on the shoulder and offered that chance to do a very special thing unique to him and fitted to his talents." The students at Olathe High School and my job as your principal is indeed that tap on my shoulder. Your high school experience is for now a very important tap on your shoulder. I hope each of you feel you have the opportunity to do special things that help you develop your individuality, all the wonderful things that make you unique.

Parents learn very early in their children's lives that every child is good at something. It is because all of us have something in which we can excel that I firmly believe that it is possible for all students to be a success. The success is not always measured by newspaper headlines or rewards received. Sometimes it is as quiet and gentle as an appreciative smile from someone who means something special to you, or it could even be a very proud feeling you have within yourself about yourself.

At the beginning of the year in my welcoming letter for our school paper, I mentioned eight things that have been found extremely helpful in attaining success. At the end of a school year it is a nostalgic time and I would like to reflect back and remind you of two of them.

Happy people succeed. There are many, many things waiting to defeat people in life, just waiting to drag them down and lower their opinion of themselves. But remember, you must give them your permission for them to happen. As I told you in the beginning of the year, be calm and self-possessed, know what you are about, be sure you are right, and go ahead. There will be times you will be afraid or insecure, but that is why we have each other. Never be afraid to give support or receive support, they can both lead to happiness.

The other thing I would like to mention goes along very well with Churchill's idea about a special moment that is unique to all of us. "As a man thinketh in his heart, so he is." If you remember that you are a very unique individual and think of your own value, not only to others but also to yourself, then you will be the things you feel in your heart.

I hope that the seniors will continue to be as involved in their daily lives as they have been here at Olathe High School. They have shown through their involvement in activities, clubs, scholastic study, and friendships with faculty, staff, and students that they can succeed, not only because of their involvement, but also because of the character development it creates in their successes. For those of us who will be returning to Olathe High School in the fall, let us view our time here with purpose. "To every man, there comes in his lifetime, a special moment." The opportunity to make it special is ours. Let's make it as warm a memory as a page in a high school yearbook.

Respectfully,
Dr. Dave Jones, Principal

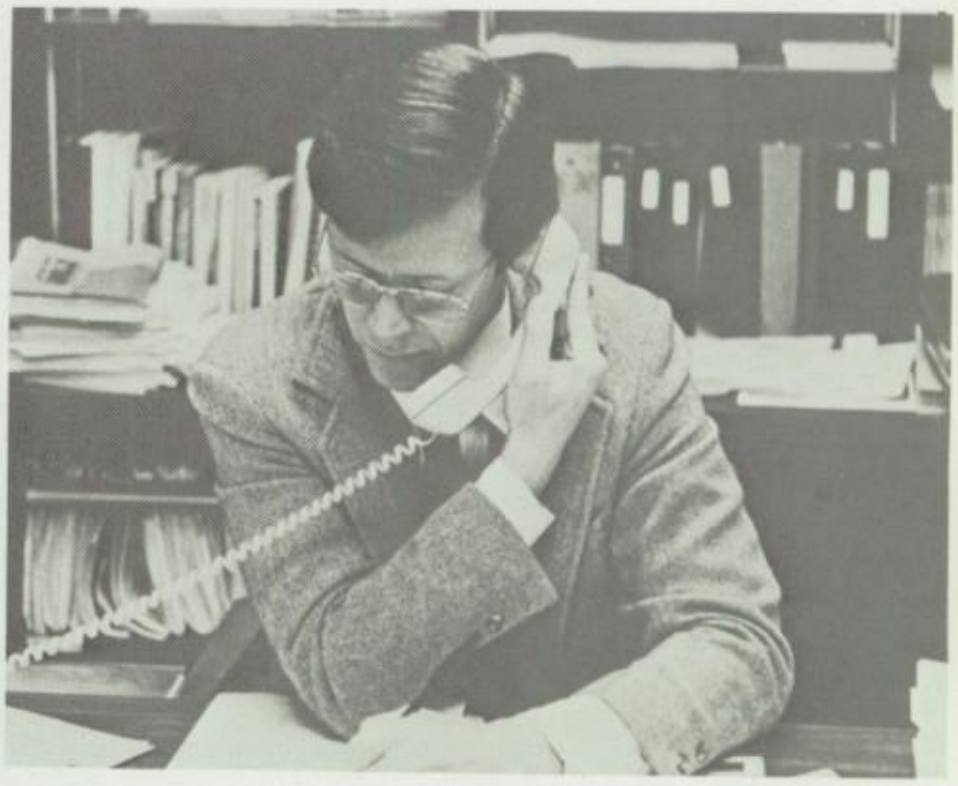
Vice-Principals

The vice-principals at O.H.S. perform many very important tasks. They feel that working with the students and evaluating the teachers are the most important. One change that has taken place this year was the addition of another vice-principal, which enables them to work with even more students on an individual basis. The new administrator, Mrs. Pat All, stated, "I was very excited and surprised at the cooperation and the support of the students. To me, it is probably one of the best schools in the state."



Top Left—Welcome to my parlour! **Bottom Left**—Well, what can I do for you? Ha Ha!! **Right**—Here is Mr. Blair getting all crossed up.

Spotlight

Alan Kloster has been playing "Dungeons and Dragons" since it was first introduced to him in ninth grade by a teacher. "Dungeons and Dragons" is a fantasy role-playing game in which you create your own character to roam the vast world created by the Dungeon Master. When describing the game, Alan said, "The game is played with nothing more than graph paper, dice, and the imagination. It is fun, exciting, and addictive. It is a challenge to one's imagination."

Gary Crain began learning karate last August when a friend of his persuaded him to take lessons. Gary is presently a yellow belt. Gary practices twice a week at Bob Boggs Karate School. He competes once a month and so far has won five trophies. Gary said that to succeed in karate, you need to keep in shape and have confidence in yourself. Not only is karate a fun sport, but it is also very rewarding because you get to meet people and learn good manners.

Mark Childress and his father became interested in hot air balloons about two years ago after attending a national ballooning competition in Iowa. Mark and his father hope to purchase their own balloon someday and are ballooning with friends until then. Mark enjoys ballooning because he is able to "drift with the wind," and he summed it up by saying, "It's a neat experience!"

Kenny Mack is a skateboard enthusiast. He has been skating for about two and one-half years. He is presently skating for the "7-up" skateboard team. Before that he skated for the "Rondo" skate team. Kenny skates mostly at Rolling Magic Skatepark. He has placed highly in every competition he's entered. He placed first in the keyhole, half pipe, and reservoir contest, and third in the Snake Run contest. Kenny uses a special board for competition. It is a lot wider than a normal board which makes tricks easier to perform.

Dave Hill plays classical guitar and electric jazz. The styles he plays are Chet Atkin and a little Blue Grass. He really enjoys playing and he plays anytime he can. He started playing in the sixth grade because he "liked the sound of the guitar." He has played at various churches, meetings, the Good Samaritan Home, and Shawnee Mission Park. Dave's advice to potential guitar players is, "If you get frustrated while playing, just put your guitar down and come back to it later. But stick with it."

Don Karstetter had only been bowling about a year when he and his father traveled on an all-expense-paid trip to Washington, D.C. and won the National Family Twosome Tournament. Don and his father were very surprised when they found out that they had won. Now he bowls in two leagues, the Traveling League, where his average is 166, and the Saturday Morning League, where his average is 158. His highest game was 245 in league bowling and 257 in practice. He regularly bowls at Olathe Lanes East and West.

If you ever see a royal blue dune buggy rolling into the parking lot before school or leaving the parking lot after school, you will know that Perry Cobb is behind the wheel. His dune buggy took him and his dad one and a half years and $900 to build. He decided to build it because he had a wrecked Volkswagen and wanted to convert it into a dune buggy. He doesn't plan on selling it but if he did, he estimated that he could get $1500 for it. Instead he plans to keep it, and if he doesn't continue to drive it, you will find it parked in his garage.

Andrea Menn, an exchange student from Chur, Switzerland, arrived last August. Now living with the Norm Bigley family, Andrea has found the people to be very warm and friendly. There are two big differences between Olathe High School and the school that he attended in Chur. In his old school, the students went from 8:00 until noon, went home for a big lunch, and went back to school from 2:00 until 5:00. In Switzerland it is also very unusual for high school students to have cars. Andrea said that he will miss Olathe and the people in it very much when he leaves.

Dan Herron, Ron Lindig, Matt Murray, and York Ruf all race motocross. Racing for the past two years, they each got started riding when friends became interested in it. They practice on their RM 125 Suzukis on Ruf's property in Olathe, and they compete in Nebraska, Oklahoma, and Missouri. All four will tell you that riding motocross is dangerous. Dan has broken a collar bone and wrist; Ron has broken a leg; Matt has crushed both ankles; and York has suffered a concussion. Except for Dan who has found motocross too expensive, all plan to continue riding.

Convenience alone is progress. But we multiplied it by 3

We've always offered you convenience at PSB&T.
Convenience in the form of banking by mail.
Convenience in the form of drive-in banking.
Convenience in the form of handy hours. (Lobby: 9-3 Mon-Thurs; 9-6 Fri; 9-12 Sat.
Drive-in: 7-6 Mon-Fri; 7-12 Sat.)

All of this, of course, comes with our old-fashioned Glad-To-See-You service. But did you know we offer all that convenience at *three* handy Olathe locations?

That means you're always near a PSB&T. So you don't have to race all over town to do your banking. And all three have drive-in facilities. So you can be in and out in minutes.

Now that's convenience. Times three.

Lori,

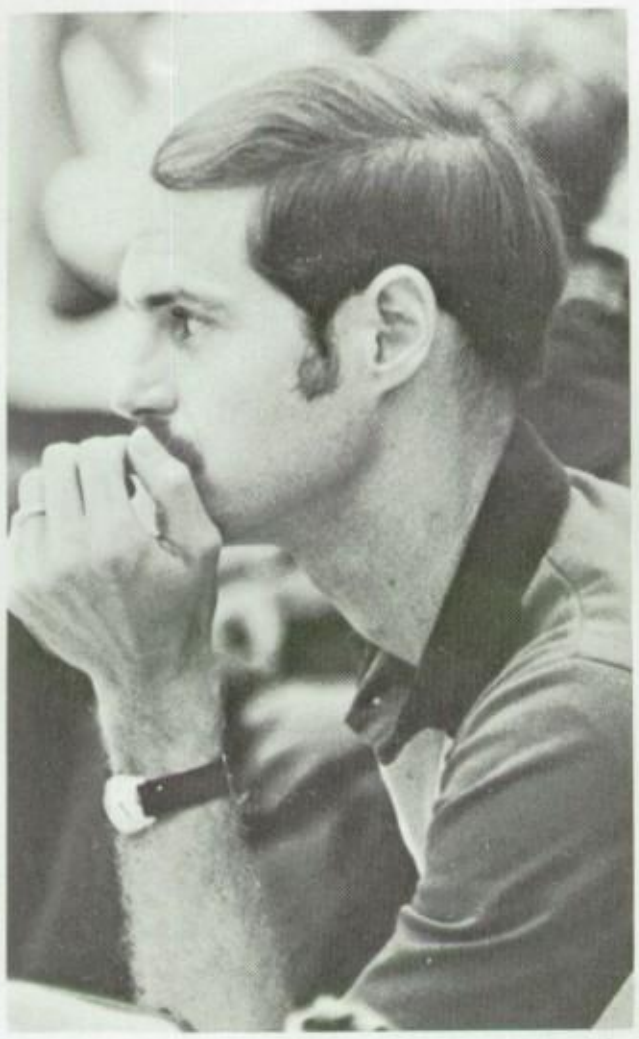
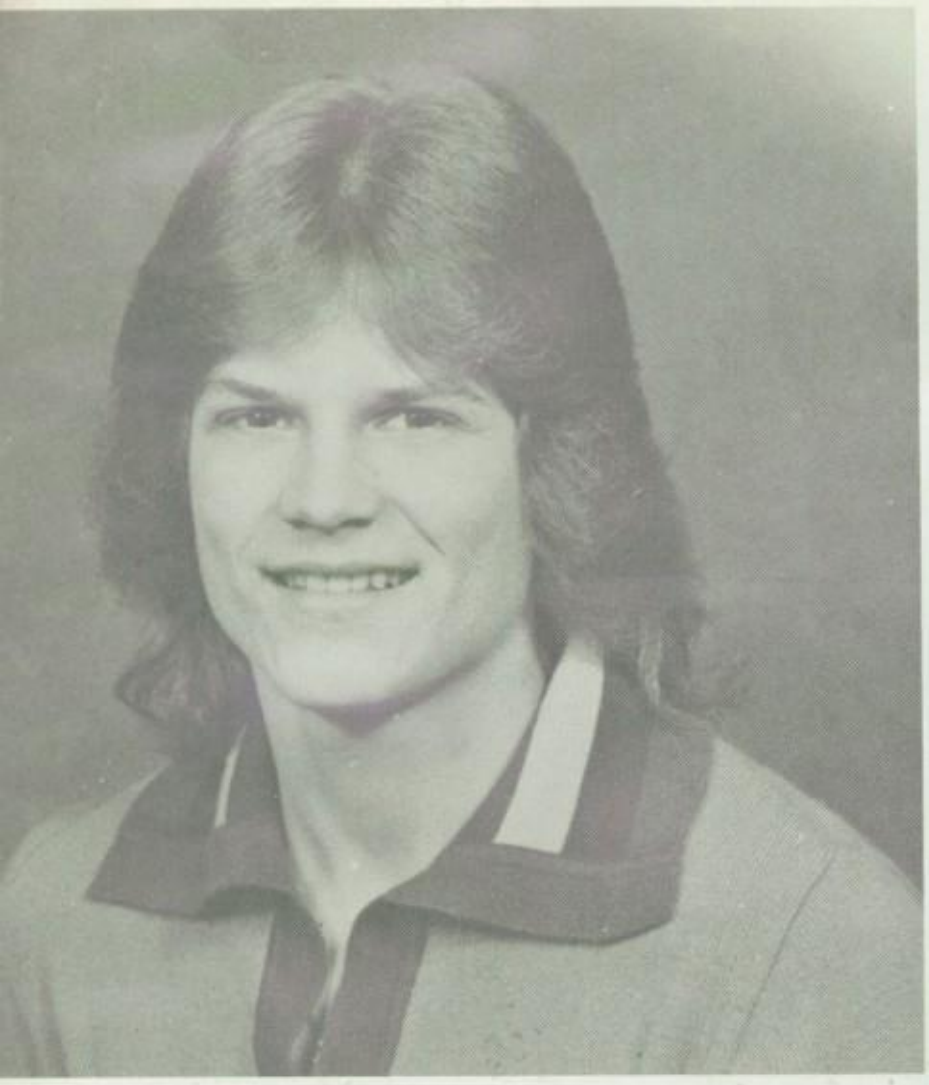
Oh well, You did a good job of being Lori this year. And maybe you'll do better next year This year was funner than (Ha, Ha) I thought it was going to be. Next year should be funner maybe their might be more parties. Have fun this summer and stay out of trouble.

Love,
Morgan





In memory of Doug Buckles

DOUG'S FLOWERS

I stood in front of the grave
My head bent over
My lips moving in
Silent prayer.
"Doug," I called softly.
But there was no reply
Just the sound of the trees
Being rustled in the wind.
"Doug, I brought you flowers.
They're roses
Your favorite kind!"
I took the freshly cut
Flowers and laid them
Next to a small marker.
A tear trickled down my cheek—
For tomorrow the flowers
Would be dead, because
Nothing lives forever . . .
"Doug", I whispered again . .
"No, nothing lives forever."

In memory of Melinda Morgan

There is no peace
Without harmony,
No harmony
Without music.

There is no music
Without song,
No song
Without beauty.

There is no beauty
Without laughter,
No laughter
Without joy.

There is no joy
Without kindness,
No kindness
Without caring.

The is no caring
Without love,
No love
Without you.

In Conclusion

As the school year comes to a close, we are once again able to acknowledge the success of a yearbook. As editors, we would like to express our gratitude to Candy Birch, Lois Crooks, Inter-Collegiate Press, and American Composite for their patience and guidance. We would also like to thank the faculty, businesses, organizations, and yearbook staff for their support and cooperation throughout the school year. A special note of thanks is given to Reed Vomhof for doing an outstanding job on this year's cover. We hope that the memories in this yearbook will remain intact in each and every mind as we go our own way.

Dori,

I'm not sure I can take up this whole page but here goes. We became good friends in ninth grade & then kinda drifted apart. Then in Drivers-Ed we talked a lot more & started doing things together. Since then we've had a lot of fun. Remember all the parties and all the problems?! You've been a super good friend and I hope you stay that way. We have a lot of fun to go along with a lot of problems. It's nice to have people around you wholl will listen and care about what's happening to other people around them. I know lots of things are changing. I've been spending a lot of my time with Bob, but I'm trying to be with my friends too. I won't forget my friends just because I'm with Bob now. This summer is going to be a BLAST! You'd best keep in touch or I will be P.O.'d. I know you will but I just thought I'd warn you. Next year will be great too because you aren't a cheerleader & you don't have to worry about it. Hopefully pretty soon you won't have to drive all the time. Right now two of my best friends aren't getting along too well and I hope you both straighten things out. I can't stand it in the middle, but don't worry, I won't take sides. You guys will work it out anyway. Soon I hope! One thing, this summer we're going to have fun BUT we will stay out of trouble. In trouble once is enough for me. Well I guess I did use my whole page & I could probably write more but. Take care Darg.

Love ya,
Tana H.
